continuous inspection

ides and

June 1st, 2020 -

patroklos papapetrou
wrote to achieve this
you should at least
once a day run
sonarqube analysis
and examine its
results on a daily
basis the idea is
simple initially you
define some quality
thresholds for
instance you don t
want critical or
blocker issues
introduced in newly
mitted code or you
don t want the
plexity class to
increase over 8'
