make exciting reading but logic a very
short''logic a very short introduction
by graham priest

May 28th, 2020 - it is true that this
book is about logic but it seems false
that this is an introduction the
chapters are way too short for that and
there are too many of them i would have
called the book logic a very short
overview for the second edition chapters
on turing s halting problem and gödel s
incompleteness theorem have been added'
